

18 January 2023

We need to do some road maintenance in your neighbourhood

Kia ora,

Where	Taikata Road, Te Atatū Peninsula, Auckland
When (start date)	Thursday, 26th January 2023, 7 am
Hours of work	Thursday 7am to Tuesday 6am Open Tuesday day then closed for final tidy up Tuesday night, open Wednesday 5am
For (duration)	7 Days

The work we're doing

We're doing this work to maintain and improve your neighbourhood and to keep our communities safe. The drawings overleaf show where we'll be working.

We will be completing pavement rehabilitation on the road which requires digging up the road and resealing it. Large machinery will be utilised, and a full road closure will be in place 24 hours a day from 7 AM Thursday 26th January till 6 AM Tuesday 31st January, open Tuesday day then closed Tuesday night for final tidy up and open 6AM Wednesday 1st February.

We know our work can be a bit loud, and that noise – particularly at night – can be disrupting. We try our best to avoid working at night but sometimes it is necessary in order to avoid wider disruption on the network or to get the job done faster. We'll do our best to keep noise levels down during night works.

We'll do our best to start the work on time. Factors such as wet weather could mean a delayed start. If the delay is significant, we'll notify you.

We'll handle traffic flow in and out of the area, and any detours

There will be a full road closure in place for the duration of these works. Please follow all signs and traffic directions.

We will need to set up detours for the duration of these works. Please plan ahead and think about using another route. We'll set up signs that give traffic directions for surrounding roads. If you live somewhere along a closed road, traffic controllers at either end of the road will help you. Please follow all signs and traffic directions.

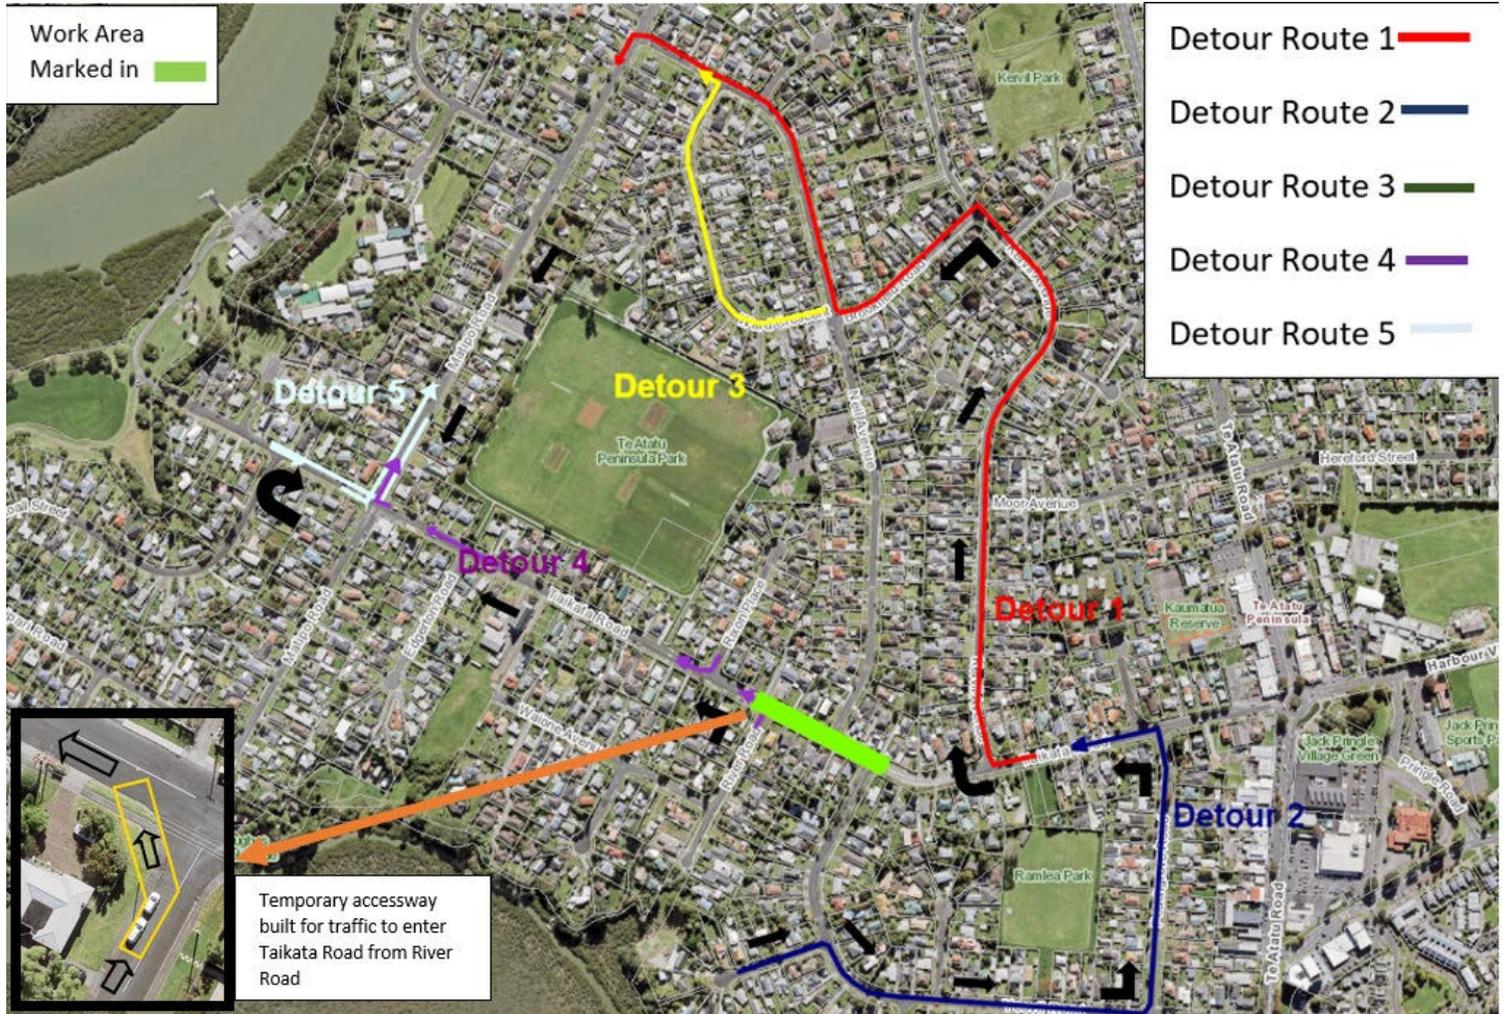

You'll need to reduce your speed when you're driving through the area. Please follow all signs, and traffic directions.

There will be no on-street parking within the work zone while we carry out the work. If your driveway is within the work zone, we request you please park on a side street out of the work zone and walk to your property.
